## Introduction

Internationally, people committed to changing the world are meeting regularly to learn, share, and exchange information about how to leverage technology. Called NetSquared, these events provide a chance to connect locally with all those interested in the intersection of social technologies and social change. We want greater Baltimore to be part of this global community!

To do that, we first need to get some information from you to help us ensure that our event is exactly what our community wants and needs. This survey should only take 5 - 10 minutes but will help us to create a monthly event that serves nonprofits, foundations, designers, developers, changemakers, entrepreneurs, and others who are interested.

If you have any questions about Baltimore NetSquared, please contact Kate Bladow at [kbladow@gmail.com](mailto:kbladow@gmail.com) or Andrea Snyder at [alsnyder02@gmail.com](mailto:alsnyder02@gmail.com).
